ON 21 JUNE, MILAN BERGAMO AIRPORT WILL BE CELEBRATING THE FESTA DELLA MUSICA

21 June sees music once again featured in Italian airports. The 2023 edition is taking place in the midst of a significant recovery in air traffic, and music will be performed in the spaces dedicated to the transit of passengers waiting to board.

SACBO and Milan Bergamo Airport have accepted the invitation from the Italian Civil Aviation Authority and Assaeroporti association to organise a programme of music performances that will take place in the boarding area of the terminal, beginning at 10.45 a.m. with the pianists Marco Serazzi and Elena Migliorini and the singer-songwriter Matteo Romano. At 3 p.m., the shopping plaza in front of the area leading to the security controls, will play host to the Mismountainboys, a legendary country band from the Italian country music scene, continuing the tradition of its founder Remo Ceriotti, presenting a range of sounds and styles; from bluegrass (rapid and aggressive), to original songs of Texan influence, classic country, folk songs and Western ballads. The Mismountainboys country band is closely tied to the memory of Remo Ceriotti, a precious and unforgettable collaborator of the SACBO team.
